Competition

A competition is a situation in which two or more people or groups are trying to get something which not everyone can have. A competition is more than just one person, its 2 or more. A competition is an activity or condition of striving to gain or win something by defeating or establishing superiority over others. Please understand that EEE is running a competition, hence why there are combined variety sections in the program. This is to ensure that dancers are competing against another person in a competition environment.
