Ritz and Glitz Dance Challenge in conjunction with RIDLEY St.

PRESENTS

LIVEWIRE VIRTUAL PERFORMANCE **CHALLENGE**

Exciting New online competition

Due to the to the current situation, we have postponed all our live competitions. We are of course devastated that we will not see you all this Easter and for the first time in 15 years it seems surreal that the Ritz and Glitz Dance Challenge will not be going ahead.

We just had to come up with a way that the kids and parents can have some fun, and still be engrossed in the one thing that they love most of all - PERFORMING.

I have outlined a few rules and conditions of entry below and we hope that you will help us keep the kids motivated as well as do our part in keeping the economy running as much as we can by supporting our teachers, judges, suppliers and the industry in general to survive during this time.

This competition is open to both -

- Home videos
- Professional videos

(Please see the rules below)

Entries are open via www.comps-online.com.au

Rules and conditions for entry

HOME VIDEOS - What device do I use?

- Use your smartphone, camera or a similar device to record your routine.
- **Make sure** that your device or camera is on a **stationary** surface or '**locked**' during your performance and that it is **landscape**, so we can view your dance as if we were being viewed live on stage. This also allows the adjudicator to judge the performer on how well they use their space, engages with the audience, able to see your technique clearly, just like the adjudicator would when sitting and watching you from the stage at a live event.
- **PLEASE NOTE- if your home video moves, tilts or zooms or you hold your device and follow your dancer around the room, this will be immediate disqualified!**

PROFESSIONAL VIDEOS - Can be submitted

- If your **professional video moves, zooms, or tilts during a performance it is automatic disqualification**. Please check your video as at many competitions the professionals do zoom and follow the dancer.
 - We are happy to allow professional videos as we have been asked but would like you to take the initiative to create a video of your own as this gives the kids the something to work towards in the coming weeks.
-
- **YOU WILL MARKED** on the overall performance content, appearance and attitude
 - You will **NOT be marked** the quality of video, venue, lighting, sound or staging elements.
 - **Props and microphones** can be used within applicable genres i.e. Demi Character or Singing
 - Videos must **NOT** be edited in any way
